## HOW TO WIN!

The person who sends in the most "QUALITY" cards (description on what is considered a QUALITY card is below in red) will win TWO prizes of THEIR choice having the first selection also so a real incentive to make as many QUALITY cards as possible...heck you have a whole month to create so do your best work EVER!

Then FIVE more prizes will be handed out for the next most QUALITY cards that are submitted with the winner also being able to select the prize they want. Example...one submits 10 quality cards and the next submits 9 quality cards so the person who submits 10 quality cards will have first choice at picking the prize and then the person who submitted 9 will choose next and so on.

The remaining 7 prizes will be selected randomly for everyone else that has submitted a QUALITY card and left a comment on any of the participating blogs so we can have your email address to reach you..

GOOD LUCK TO ALL, please remember this is such a worthy cause so let's work really hard to create a lot of happiness for those who are defending our freedom right now!

## QUALITY DESCRIPTION

We do our best work for our heroes, since they do their best for us! Take your time to make beautiful cards, use your nice cardstock, and be sure everything is glued down well. No glitter, and no handwritten sentiments.....just really pretty cards! Remember that your card could be the last communication a family receives from their hero - and it could be scrapbooked and kept forever, so make it withstand the test of time.
